To: V. Malott, 6SF-AP

Site : JONES ROAD GROUND WATER PLUME

Case#: 35059

SDG# : F1ZE2

The EPA Region 6 Environmental Services Branch ESAT data review team has completed a review of the submitted Contract Laboratory Program (CLP )data package for the referenced site. The samples analyzed and reviewed are detailed in the attached Regional data review report.

Please note that poor DMC performance for samples F1ZF4RE, F2016RE, and F2023 caused the results to be unusable for several analytes including some target compounds of concern.

If you have any questions regarding the data review report, please call me at (281) 983-2140.
